Insistent Selling and Rather Aggressive Buying Makes Market Spotted.

BASIC FIRMNESS SHOWN

Stock Market Views With Little Apprehension Increasing Gravity of German Controversy.

New York, April 18.—Stock market fea-tures today were a continuation of the rather peculiar trading on Monday. The total dealings were maintained on a scale of only moderate activity with a curious mixture of rather aggressive buying in certain directions, And some instance. certain directions many survey outputs in claim of the control of

PHILADELPHIA GRAIN.

Break in Diplomatic Relations Has Been Foreseen by Wall Street for Some Time.

OTHER FINANCIAL NEW

High Class, 5 Per Cent Bonds Hol Firm on Local Exchange-Continental Trust Continues Advance.

While the announcement that President Whisen will address Congress today was not made until after close of the general market yesterday, the belief is that much of the reaction reasonably to be expected from the apparent seriousness of the controversy with Berlin already has been discounted. Wall atreet has been unusually well advised as to the progress of the negotiations and the tensity of relations, and the market has dropped to a position where it is believed the shock of any revelations the President may make will be comfortably absorbed. Doubtless the address of the President will have its effect; if leas belligerent in tone than the bears expect, a reaction from the hour; if more belligerent, the opposite will be true.

High Class Bonds Firm.

Firmness of high class, five per cent bonds in the face of decidedly tempting offers from would-be buyers, featured yesterday's action of the local market. Bids of 107 for Railway is and Washington Gas is failed to bring about trading in these issues. Railway 4s sold at 80 3-4. Potomac Cons. is at 100 1-2, and Riggs. Realty is (long) at 102-all good firm prices.

prices.

In the stock list, Continental Trust continued its advance, several shares being sold at 127 1-2 and 127 3-1 before the asking price jumped to 129, where it stayed in the face of bids of 128. Railway preferred sold at 82. Washington Gas was offered at 76 1-2 with 75 bid.

Irregularity Is Pronounced.

Irregularity is Pronounced.

Summarizing the action yesterday of the New York list, W. B. Hibbs & Co., local brokers, made public the following it telegram from their New York correspondents after close yesterday:

"While an improved tone prevailed in the rail department, irregularity was pronounced in other directions. The diplement of the rail department, irregularity was pronounced in other directions. The diplement of the rail department, irregularity was a pronounced in other directions. The diplement of the rail of the rai

"Then, too. European advices seem to incline to the view that hostilities, at the utmost, are not likely to extend much over another year.

"The current political and diplomatic controversies still militate against a broad riae. Of course, short covering might force a temporary rally, but untill either Berlin recedes or the Villa matter is disposed of extreme conservatism is advisable."

The higher prices for copper referred above are illustrated through a sale sterday by the Lake Copper Company 100,000 pounds at 30 1-3 cents a pound, advance from 37 cents in the last w days, and an improvement of near-15 cents over the highest price registed for the community prior to the outer calculation of the community prior to the community prior to the community prior to the calculation of the community prior to the calculation of the calculatio
